THE GUYTON (1900)

TO
SIR THOMAS PHILLIPPS, BART., M.A., F.R.S., F.S.A.,
OF THIRLESTANE HOUSE, CHELTENHAM,
ONE OF THE TRUSTEES OF THE BRITISH MUSEUM,

This Volume

IS, IN ACKNOWLEDGMENT OF FRIENDLY FAVOURS,
RESPECTFULLY DEDICATED BY

THE COMPILER.

P R E F A C E.

IN the autumn of 1863 I announced my intention to publish a volume on the Bibliography of Heraldry and Genealogy, and in the following spring, in *Notes and Queries* and in the *Herald and Genealogist*, I promised to add to it an "Index to the Pedigrees contained in the County Histories, and other topographical works."

Partly in consequence of the extent of the materials I have collected for that work, and partly on account of the production of a hastily prepared compilation of a similar nature to the present Index, I have been compelled to postpone for a time the publication of the bibliographical manual, and to issue my Index as a separate work.

In submitting it to the genealogical student, I can only express a hope that the trifling errors which may have escaped notice, in over sixteen thousand references, in duplicate, will not militate against the general adoption of it as a guide to printed genealogies.

I am aware that much more might have been done had time and circumstances admitted; and I shall be willing to consider any suggestions which may be made to me, with the view of publishing an appendix, embodying additions, and the amendment of errors of omission and commission. It might then be desirable to add a list of Pedigrees contained in Scotch and Irish topographical works, and in our biographical literature.

To Sir Thomas Phillipps, Bart., I am indebted for permission to index his privately printed *Heralds' Visitations*; and to him, as well as to many friends and correspondents who have taken a kindly interest in the progress of the work, I beg to offer my sincere thanks.

CHARLES BRIDGER.

OF
HERALDRY AND GENEALOGY,
BEING A GENERAL MANUAL
TO THE
PRINTED WORKS ON THOSE SUBJECTS.

BY CHARLES BRIDGER,

HON. MEM. SOCIETY OF ANTIQUARIES OF NEWCASTLE-UPON-TYNE,
COMPILER OF THE INDEX TO PRINTED PEDIGREES.

Instead of reproducing Moule's *Bibliotheca Heraldica*, with additions, it is the intention to re-write and re-construct a Catalogue of the Books on Heraldry and Genealogy, using Moule's work as a foundation. In the preparation of it every book mentioned by Mr. Moule will be inspected, if practicable, and the books unnoticed by him, and those published and privately printed within the last forty-five years.

The Work will include:—

A Catalogue of Books relating to Peerage Claims.

A Catalogue of the Papers on the subjects treated of which have appeared in the Transactions of Learned Societies.

A Catalogue of American Genealogical Works.

A Catalogue of Books relating to British Heraldry and Genealogy, printed in France, or in the French language.

To render the work generally useful, every book mentioned which the compiler can find in the Library of the British Museum, will be distinguished in the way that Mons. Guigard has, in his *Bibliothèque Héraldique de la France*, indicated the books which are in the *Bibliothèque Impériale*.
